

KOPKE COLHEITA PORTO 1938

PORT WINE | PORTUGAL

TASTING HISTORY WITH THE OLDEST PORT WINE BRAND

Each wine tells a story. For Kopke Colheita, this story is unique. Enjoy a wine is to taste history and remember remarkable episodes as the first international exhibition of the surrealist movement, an event held in Paris that marks the apogee of this movement.

VINIFICATION

Harvested by hand at the best moment, our grapes are destemmed, crushed and vinified in accordance with a process that relies on careful maceration with extraction of color, tannins and aromas, complemented by permanent pumping during fermentation. This process takes place in vats, at a controlled temperature between 28-30°C, until reaching the desired Baumé degree. At this stage, it proceeds to the addition of grape brandy (fortification). The result is a high quality wine from a single harvest that will aged in casks for a long period of time, never less than 7 years and subsequently bottled under market requests.
